PROFESSIONAL SUMMARY

Instructional designer with 8+ years of experience designing accessible online learning experiences across LMS platforms. Specialized in designing and creating asynchronous and cohort-based courses and multimedia-rich, WCAG-compliant training. Liaise with program delivery and support teams to ensure a smooth experience for learners, local facilitators, and subject matter experts. Background in libraries and public service education, with strong learner support experience.

CORE SKILLS & EXPERTISE

- **Course Development:** Using Backward Design and ADDIE models, I create engaging, sustainable learning assets and course content from start to finish.
 - **Design Software and Technical Skills:** Articulate Storyline 360 and Rise 360, Camtasia, HTML, LaTeX, ChatGPT, NotebookLM, Schoology LMS, D2L BrightSpace LMS, FileZilla, Respondus, AirTable, Trello.
 - **Accessibility:** W3 Schools trained to meet Title II and Section 508 accessibility standards as defined by WCAG; completed Yukon Learning training on accessibility for Articulate software; proficient in Word and PDF accessibility features.
 - **AI Authoring:** I use custom GPTs to generate and revise outlines and drafts of course content for ID revision and SME review, create alt text for complex images and graphs, and solve coding issues for displaying content.
